INDEX TO VOLUME XXXVIII

The asterisk * preceding the page number indicates an original article in the Journal. The letter [T] preceding the page number indicates a paper reported in the Transactions of the American Association of Neuropathologists. The letter [D] preceding the page number indicates a discussion of an original article or some other item published in the Journal. The letter [B] preceding the page number indicates a book review. Subject entries are made for all articles. Author entries are made for original articles and Society Transactions.

Abundant eosinophilic rod-like structures in subacute spongiform encephalopathy, [T] 329

Acute EAE in inbred strains of mice, [T] 304

Adams, R. J., see Cork, L. C. * 209

Adachi, M., and Solitare, G. B., histologic and ultrastructural studies of long term effects of disulfiram on the CNS and skeletal muscles of rats, [T] 301

Adibi, S. A., see Ontell, M., * 596

Agamanolis, D. P., and Greenstein, J. I., ataxia-telangiectasia. report of a case with Lewy bodies and vascular abnormalities within cerebral tissue, * 475

Aging of the optic nerve, [T] 310

—, pigmented neurons in nuclei locus coeruleus and subcoeruleus, * 490

Aguayo, A. J., axon sheath cell interactions in myelinated fibers, [T] 302

Air embolism and stroke (alterations in BBB), [T] 313

Alanine and glutamate concentrations as indicators of post-ischemic survival, [T] 308

Aldskogius, H., Barron, K. D., and Regal, R., RNA content of axotomized hypoglossal and vagal (DMN) neurons of adult rat, [T] 302

Alexander, G. M., Schwartzman, R. J., Khan, T., and Kogure, K., ATP distribution in the intact and experimentally injured spinal cord, [T] 302

Allergic encephalomyelitis, experimental, serum-mediated peripheral nerve demyelination (rabbit), * 498

— neuritis, experimental (Lewis rat), * 377

Allison, F., Jr., see Rothschild, H., [B] 565

Alteration of local phospholipid and protein metabolism in crushed mouse sciatic nerve, [T] 341

Alterations in selected brain amino acids during regional cerebral ischemia in rhesus monkeys, [T] 313

Alving, C. R., see Saida, K., [T] 338

Alvira, M., Mandybur, T. I., and Liwnicz, B. H., some ultrastructural findings in central nervous system tumors induced by transplacental administration of ENU in the rat, [T] 303

—, see Liwnicz, B. H., [T] 329

Amines, tertiary, fine structure of cyclophosphamide, contrasting choroid lesions caused by, (rat), * 1

Amromin, G. D., Boder, E., and Teplitz, R., ataxia-telangiectasia with a 32 year survival. a clinicopathological report, * 621

Anastomoses, microvascular, for cerebral ischemia, [B] 187

Angel, C., see Araoz, C., [T] 303

Annabi, A., see Lapresle, J., * 401

Anomalies, congenital, with normal karyotype, * 259

Antibodies, anti-horseradish peroxidase, distribution in central nervous system of immunized rats after disruption of blood-brain barrier, * 519

Antibody induced modulation of rhabdovirus infection of neurons *in vitro*, [T] 311

Antigenic properties of myelin constituents and sheath cells, [T] 328

Antigens, monocytic and lymphoid membrane differentiation, lack of, in human microglia, * 99

Anti-horseradish peroxidase antibodies, distribution in central nervous system of immunized rats after disruption of the blood-brain barrier, * 519

Antiperoxidase antibody, brain penetration (rat), * 519

Arachnoid cysts, fine structure, * 434

Araoz, C., Moore, J. J. Sun, C., and Angel, C., melanotic neuroectodermal tumor of the middle fossa. ultrastructural and biochemical study, [T] 303

Are neurotubule proteins involved in the formation of Alzheimer neurofibrillary tangles?, [T] 322

Asbury, A., Brown, M., Hedley-Whyte, T., Johnson, P., Lampert, P., and Webster, H., special course on pathology of peripheral nerve, [T] 301

—, see Saida, K., [T] 338

Astrocytes and neurons, phagocytic, in old en-

CONTENTS OF VOLUME XXXVIII

NUMBER 1, JANUARY, 1979

Fine Structure of Contrasting Choroid Plexus Lesions Caused by Tertiary Amines of Cyclophosphamide. E. J. WENK, PH.D., S. LEVINE, M.D., AND E. M. HOENING, M.D., Valhalla, New York and Philadelphia, Pennsylvania 1

Herpes Simplex Virus Types 1 and 2 in Organotypic Cultures of Mouse Central and Peripheral Nervous System. 2. Electron Microscopic Observations of Myelin Degeneration. M. S. ECOB-JOHNSTON, PH.D., T. ELIZAN, M.D., J. SCHWARTZ, PH.D., AND W. O. WHETSELL, JR., M.D., New York, New York 10

An Experimental Model for Cerebral Metastasis. Preliminary Light and Ultrastructural Studies. W. E. BALLINGER, JR., M.D., AND R. D. SCHIMPFF, M.D., Gainsville, Florida 19

Neuronal Degeneration in the Brain of the Brindled Mouse. A Light and Microscopic Study. K. YAJIMA, M.D., AND K. SUZUKI, M.D., Bronx, New York 35

Histoenzymatic and Permeability Changes in Human Brain Adjacent to Meningiomas. M. GINSBOURG, M.D., AND J. LE BEAU, PH.D., Paris, France 47

Cerebellar Ganglioma in a Child. A. PROBST, M.D., J. ULRICH, M.D., B. ZDROJEWSKI, M.D., AND H. R. HIRT, M.D., Basel, Switzerland 57

Combined Occurrence of Mucin-Producing Ependymoma and Neuroepithelial (Colloid) Cysts. S. SHAUGSHOTI, M.D., S. RUNGRUXSIRIVORN, M.D., AND M. G. NETSKY, M.D., Bangkok, Thailand and Nashville, Tennessee 72

Book Reviews 80

Selected Neuropathological Titles 81

NUMBER 2, MARCH, 1979

Autonomic Neurons Affected by Lipid Storage in the Spinal Cord in Fabry's Disease: Distribution of Autonomic Neurons in the Spinal Cord. J. H. SUNG, M.D., Minneapolis, Minnesota 87

Immunological Analysis of Human Microglia: Lac.. of Monocytic and Lymphoid Membrane Differentiation Antigens. M. OEHMICHEN, H. WIETHÖLTER, AND M. F. GREAVES, Tubigen, Federal Republic of Germany and London, England 99

Chemical Injury of the Spinal Cord of the Rabbit after Intracisternal Injection of Gentamicin. I. WATANABE, M.D., D.M.Sc., G. R. HODGES, M.D., AND D. L. DWORZACK, M.D., Kansas City, Missouri 104

Glycogen Accumulation in the Nerves and Kidney of Chronically Diabetic Rats. A Quantitative Electron Microscopic Study. H. C. POWELL, M.D., B.CH., H. W. WARD, M.D., M.P.H., R. S. GARRETT, M.S., M. J. ORLOFF, M.D., AND P. W. LAMPERT, M.D., La Jolla and San Diego, California 114

Cytologic Observations on Axotomized Feline Betz Cells. 1. Qualitative Electron Microscopic Findings. K. D. BARRON, M.D., AND M. P. DENTINGER, M.D., Albany, New York ... 128

Acute Bilirubin Encephalopathy Induced with Sulfadimethoxine in Gunn Rats. A. L. ROSE, M.B.CH.B., AND H. WISNIEWSKI, M.D., PH.D., New York, New York 152

Protective Effects of Rat Splenic Lymphocytes and Peritoneal Exudate Cells on Herpes Simplex Virus Infection of Rat Dorsal Root Ganglia in Culture. M. A. HARTMANN, B.S., AND R. J. ZIEGLER, PH.D., Duluth, Minnesota 165

A Pigmented Choroid Plexus Carcinoma: Histochemical and Ultrastructural Studies. C. P. BOESEL, M.D., AND S. P. SUHAN, B.S., Columbus, Ohio 177

Book Reviews 187

Selected Neuropathological Titles 190

NUMBER 3, MAY, 1979

Pathogenesis of Visna. IV. Spinal Fluid Studies. N. NATHANSON, M.D., G. PETORSSON, CAND. MED., G. GEORGSSON, M.D., P. A. PAULSSON, DR. VET. MED., J. R. MARTIN, M.D., AND A. MILLER, M.D., Baltimore, Maryland and Reykjavik, Iceland 197

Hereditary Canine Spinal Muscular Atrophy. L. C. Cork, D.V.M., Ph.D., J. W. Griffin, M.D., J. F. Munnel, V.M.D., Ph.D., M. D. Lorenz, D.V.M., R. J. Adams, D.V.M., and D. L. Price, M.D., Baltimore, Maryland and Athens, Georgia 209
Early and Late Mechanisms of Increased Vascular Permeability Following Experimental Cerebral Infarction. C. K. Petito, M.D., New York, New York 222
Phagocytic Astrocytes and Neurons in Old Encephalomalacia. S. Shaungshoti, M.D., P. Samranvej, M.D., and M. G. Netsky, M.D., Bangkok, Thailand and Nashville, Tennessee 235
The Persistence and Possible Externalization of Axonal Debris During Wallerian Degeneration. W. W. Schlaepfer, M.D., and M. B. Hasler, St. Louis, Missouri 242
Pineocytoma with Astrocytomatous Differentiation. A. Borti, M.D., and W. Blackwood, F.R.C., Path., London, England 253
Derangement of Neuronal Migration in a Child with Multiple Congenital Anomalies, Two Congenital Neoplasms, with Apparent Chromosomal Abnormalities. V. W. Steward, M.D., and M. M. Jevtic, M.D., F.A.C.P., Chicago, Illinois 259
Evidence for an Intraaxonal Transport of Fixed and Street Rabies Virus. H. Tsiang, D.V.M., Paris, France 286
Selected Neuropathological Titles 297
Abstracts—55th Annual Meeting of the American Association of Neuropathologists 300

Number 4, July, 1979

Pathology of Shy-Drager Syndrome. J. H. Sung, M.D., A. R. Mastri, M.D., and E. Segal, M.D., Minneapolis, Minnesota 353
The Failure of Microglia in Normal Brain to Exhibit Mononuclear Phagocyte Markers. G. W. Wood, K. A. Gollahon, S. A. Tilzer, T. Vars, and R. A. Morantz, Kansas City, Kansas 369
Experimental Allergic Neuritis in the Lewis Rat. M. E. Smith, Ph.D., L. S. Forno, M.D., and W. W. Hofmann, M.D., Palo Alto, and Stanford, California 377
Presence of Free Light Chains in Urine of Patients Suffering From Subacute Sclerosing Panencephalitis. C. L. Luc, C. M. Pianeta, and R. C. Depieds, M.D., Marseille, France 392
Olivopontocerebellar Atrophy with Velopharyngolaryngeal Paralysis. A Contribution to the Somatotopy of the Nucleus Ambiguous. J. Lapresle, M.D., and A. Annabi, M.D., Le Kremlin Bicêtre, France 401
A Freeze-Fracture Study of the Plasma Membrane of Muscle Fibres of a Patient with Chronic Creatine Kinase Elevation Suspected for Malignant Hyperthermia. H. Schmalbruch, M.D., Copenhagen, Denmark 407
Subependymal Giant Cell Tumor of Tuberose Sclerosis. A Light and Ultrastructural Study. J.-P. de Chadarevian, M.D., F.R.C.P.(C)., and R. D. Hollenberg, M.D., F.R.C.S.(C)., Montreal, Quebec, Canada 419
Fine Structure of Arachnoid Cysts. W. Schachenmayer, M.D., and R. L. Friede, M.D., Zurich, Switzerland 434
Book Reviews 447
Selected Neuropathological Titles 449

Number 5, September, 1979

Acid Fast Staining of Oxidized Neuromelanin and Lipofuscin in the Human Brain. H. Barden, Ph.D., New York, New York 453
Lead-Induced Encephalopathy in Dogs Fed High Fat, Low Calcium Diets. H. D. Stowe, D.V.M., Ph.D., and M. Vandevelde, D.V.M., East Lansing, Michigan and Auburn, Alabama 463
Ataxia-Telangiectasia. Report of a Case With Lewy Bodies and Vascular Abnormalities Within Cerebral Tissue. D. P. Agamanolis, M.D., and J. I. Greenstein, M.D., Cleveland, Ohio 475
A Quantitative Study of the Pigmented Neurons in the Nuclei Locus Coeruleus and Subcoeruleus in Man as Related to Aging. N. Vijayashanker, M.D., and H. Brody, Ph.D., M.D., Buffalo, New York 490

Peripheral Nerve Demyelination Induced by Intraneural Injection of Experimental Allergic Encephalomyelitis Serum. T. SAIDA, M.D., K. SAIDA, M.D., M. J. BROWN, M.D., AND D. H. SILBERBERG, M.D., Philadelphia, Pennsylvania ... 498
Distribution of anti-HRP Antibodies in the Central Nervous System of Immunized Rats after Disruption of the Blood Brain Barrier. S. J. BALOYANNIS, M.D., AND N. K. GONATAS, M.D., Philadelphia, Pennsylvania ... 519
Ultrastructural Study of Zinc Pyridinethione-Induced Peripheral Neuropathy. Z. SAHENK, M.D., AND J. R. MENDELL, M.D., Columbus, Ohio ... 532
Cytologic Observations of Axotomized Feline Betz Cells. 2. Quantitative Ultrastructural Findings. M. P. DENTINGER, M.D., K. D. BARRON, M.D., R. C. KOHBERGER, Ph.D., AND B. MCLEAN, Albany and Pearl River, New York ... 551
Book Reviews ... 565
Selected Neuropathological Titles ... 567

NUMBER 6, NOVEMBER, 1979

Axonal Underdevelopment from Axotomy in Kittens. D. JORGENSEN, B.S., AND P. J. DYCK, M.D., Rochester, Minnesota ... 571
Axonal Atrophy from Permanent Peripheral Axotomy in Adult Cat. J. CARLSON, B.S., A. C. LAIS, AND P. J. DYCK, M.D., Rochester, Minnesota ... 579
Ultrastructural and Cytochemical Observations in a Case of Dominantly Inherited Hypertrophic (Charcot-Marie-Tooth) Neuropathy. S. G. WAXMAN, M.D., PH.D., AND E. M. OUELLETTE, M.D., Palo Alto, California and Waltham, Massachusetts ... 586
Involvement of Transverse Tubules in Induced Myotonia. M. ONTELL, PH.D., H. S. PAUL, PH.D., S. A. ADIBI, M.D., PH.D., AND J. L. MARTIN, PH.D., Pittsburgh, Pennsylvania ... 596
Changes in Growth and Morphology of Human Gliomas and Fibroblasts Cultured in D-Valine Medium. M. T. COLEMAN, PH.D., R. W. HART, PH.D., L. LISS, M.D., AND A. J. YATES, M.D., PH.D., Columbus, Ohio ... 606
Topography of Pick in Bodies in Hippocampi of Demented Patients. A Quantitative Study. M. J. BALL, M.D., F.R.C.P.(C), London, Ontario, Canada ... 614
Ataxia-Telangiectasia with a 32 Year Survival. A Clinicopathological Report. G. D. AMROMIN, M.D., E. BODER, M.D., AND R. TEPLITZ, M.D., Columbia, Missouri, Los Angeles and Duarte, California ... 621
Selected Neuropathological Titles ... 644
Index to Volume XXXVIII ... 650
